

ALTIX IMHub

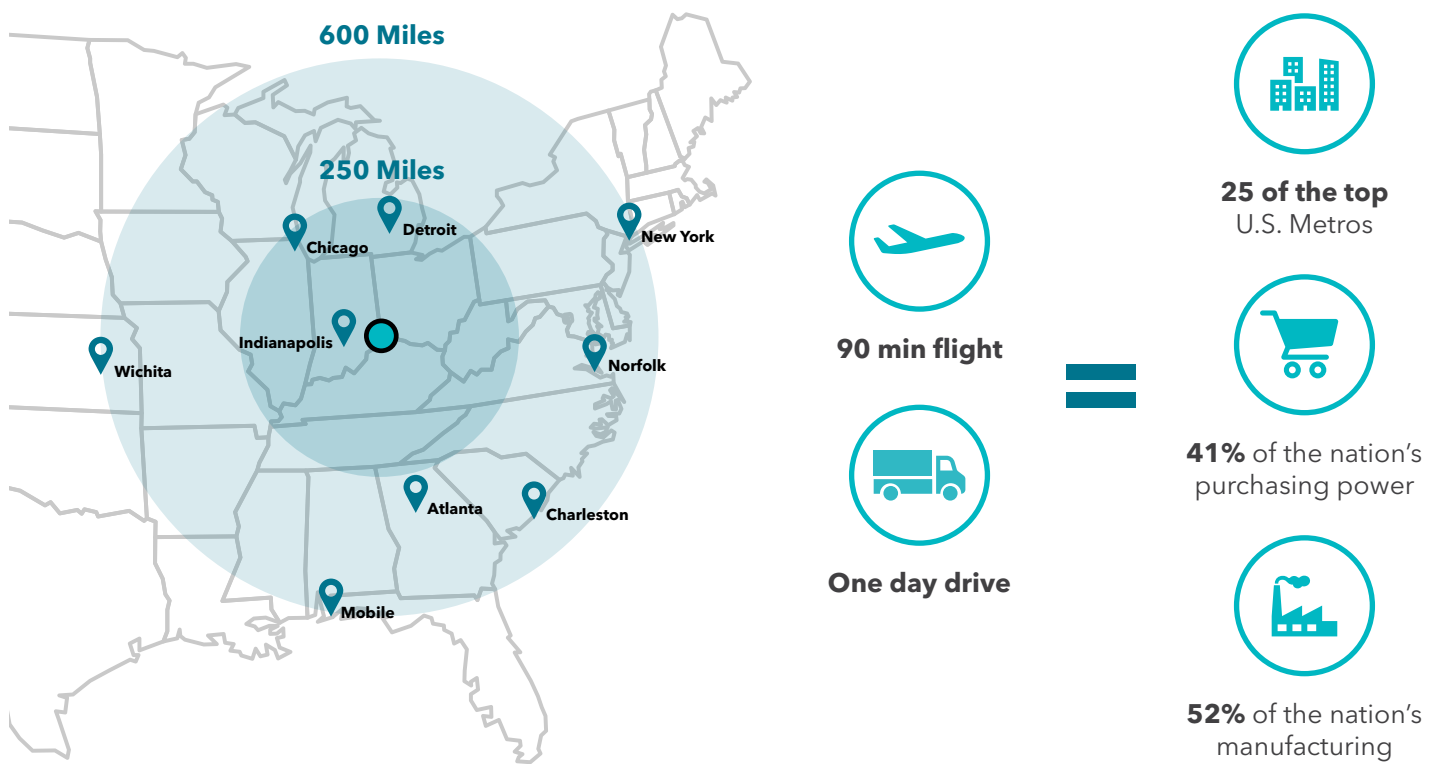

INTERNATIONAL MANUFACTURERS' HUB

AN INCUBATOR AND ACCELERATOR FOR INTERNATIONAL GROWTH
MINDED COMPANIES ENTERING THE NORTH AMERICAN MARKET.

ALTIX IMHub – International Manufacturers’ Hub – is an **incubator and accelerator** that offers international industrial manufacturing and technology companies a **flexible, turnkey solution to set-up and grow your company in North America.**

Strategically located in the Midwest tri-state area where the States of Ohio, Kentucky, and Indiana converge, ALTIX IMHub is the perfect location to launch your business in North America.

Within a 600 miles radius (one day trucking / 90-minute flight) you will have access to:

The U.S. offers the world's largest market under one flag, with a common language, a single currency, and a reliable legal system. However, companies expanding in the U.S. often underestimate the complexity of this vast and ultra-competitive market.

The United States of America is in fact, a federation of 50 different legal and tax systems,

spread over 4 time zones, with extreme ranges of climates and population densities, and a great diversity of cultures and purchasing power.

To minimize risk and costly setbacks of a failed expansion in the U.S., ALTIX IMHub helps international industrial companies develop and implement winning market entry and expansion strategies in addition to domiciliation solutions.

FLEXIBLE COST-EFFECTIVE TURNKEY SOLUTIONS TO SET-UP AND GROW U.S. SUBSIDIARIES.

ALTIX IMHub offers a wide range of **cost-effective domiciliation solutions** ranging from a mailbox / U.S. mailing address to private or shared office space, office packages, conference and meeting rooms, storage & warehouse in a **supportive multi-cultural business environment**.

A-la-carte business support in HR, Sales & Marketing, IT, Market Research, and Finance & Accounting are available to support you every step of the way, so you can focus your limited resources on growing your company, in one of the most dynamic and competitive markets in the world.
