Operations Leaders are key to running a manufacturing business that is constantly improving so that it performs efficiently. Altix can help you improve your organization's operations through this strategic, 9-month program. Alumni of the Gear 1 program are ready for the Gear 2 experience where we cover key topics from a management and leadership view:

- Strategic Management
- Finance Management
- Human Resources Management
- Supply Chain Management
- Production Management
- Engineering Management
- Risk Management
- Infrastructure Management
- EH&S Management
- Data and Information Systems Management

Altix Consulting partners with middle-market B-to-B clients to deliver business strategy, technology and innovation, and operational excellence support. Our in-country, multi-lingual and seasoned business advisors are experienced working in multi-cultural environments.
