

Andre Tello

JUNIOR ASSOCIATE

INDUSTRIAL AND SYSTEMS ENGINEERING

Experiences:

- Systems Engineering
- Research & Development
- Project Management
- Lean Six Sigma Green Belt

Value proposition:

- Industrial Engineering Projects
- Insourcing Projects
- New Product Introduction
- Manufacturing Master Data
- Value Stream Analysis
- Time Studies
- Optimization Projects
- Material Flow Optimization
- Automation Project Studies
- Cost and Efficiency Optimization
- Data Analytics and Power BI

Andre is a Junior Associate Engineer who graduated with honors from The University of North Carolina at Charlotte. He has 2 years of research experience in the power industry and has successfully lead a team of engineers and completed a risk management project involving artificial intelligence (AI) and machine learning (ML).

He has acquired a sound knowledge of leading-edge engineering principles, tools and practices with a strong background in mathematics and analysis. Andre has earned his Green Belt in Lean Six Sigma and is outstanding in problem solving. He is a fast learner, highly energetic, always looking for a challenge. Andre is very excited to be part of the team and passionate about the future of manufacturing and Industry 4.0.

Andre holds a Bachelor's degree in Systems Engineering and an Associate's degree in Science. He is also fluent in English and Spanish.

Outside of work, Andre enjoys spending time with family, traveling, cooking, and outdoor activities such as hiking and fishing.
